The Sound of Animals Fighting

It's just a little less
(uh sorry, sorry, let me do that again)
It's a lot like you're pushing too hard
It's just a little less
You compensate enough for your lack of, your lack...
(yo, let me try that again)
Your stamina plays tricks on us
It's no measure of adoration
Maybe i'm just not ready
Everything in me feels...
Maybe i'm just not ready
We're here to wish you...
(uh, sorry)

(female foreign language vocals)

(can i just get by, just about anything)

It's just a little less
You compensate enough for your lack of, your lack...
Your stamina plays tricks on us
It's no measure of adoration
Maybe i'm just not ready
Everything in me feels...
Maybe i'm just not ready
We're here to wish you...

(ha-ah-ah-ah)
