

Monument

The Sound

Is it fear, Is it fear
That you feel inside of you?
Is it fear?
Shouting out just fear
You feel inside of you

Is it fear that you feel
When all eyes are on you?
Is it fear?
Surely not just fear you feel
when all eyes are on you

Rise and rise
Rise above,
Rise and rise

Not just a girl
Not just a girl, not just a building
For the skyline
Not just a girl, not just a building
For our eyes
Not just a girl, not just a building
But a monument to love

Rise and rise
Rise above,
Rise and rise

We will never pull you down
No we shouldn't put you down
You're a monument to love
