

Winning

The Sound

What holds your hope together,
Make sure it's strong enough
When you reach the end of your tether
It's because it wasn't strong enough,
I was going to drown,
Then I started swimming
I was going down,
Then I started winning
Winning - winning

When you're on the bottom
Crawl back to the top
Something pulls you up,
and a voice you can't stop,
I was going to drown,
Then I started swimming,
I was going down
Then I started winning
Winning - winning
