

Dance with the Devil

The Sounds

One music, one rhythm, one feeling, one love.
One leader, one voice, one moment, one song.
One dream, one hope, one faith, one love.
Together, we conquer, our planet with DANCE DANCE DANCE!

We give you the music, the rhythm of life.
One city, one nation, the power of love.
A feeling, a hope, that we become one.
Together we conquer our planet with DANCE!

One dream, one voice moment , one song.
I hear it, I feel it, still believe that we're one.
I give you a chance to take the control.
Together we conquer our plante with DANCE!

One music, one rhythm, one feeling, one love.
One leader, one voice, one moment, one song.
One dream, one hope, one faith, one love.
Together, we conquer, our planet with DANCE DANCE DANCE!

When we dance we want the music loud.
We give you heaven and hell.
You know it's the only way for you.
Let your senses guide you through.

So don't stop me now when I'm alive.
You dance with the devil.
'Cos I control your life tonight.
You dance with the devil.

We give you a vision, a feeling of joy.
Forever, this moment I believe that we can.
The music connects us, united as one.
Together we conquer our plante with DANCE!

One music, one rhythm, one feeling, one love.
One leader, one voice, one moment, one song.
One dream, one hope, one faith, one love.
Together, we conquer, our planet with DANCE DANCE DANCE!

When we dance we want the music loud.
We give you heaven and hell.
You know it's the only way for you.
Let your senses guide you through.

So don't stop me now when I'm alive.
You dance with the devil.
'Cos I control your life tonight.
You dance with the devil.
