

Emperor

The Sounds

Come with me
You and me
Two fishes in a crowded ocean
But the water is frozen

Come with me
Come with me
'Cause I don't even know your name
And it feels so strange
Come with me, yeah
Come with me

I don't wanna give you (One more chance)
'Cause you don't ever seem to (Understand)
I just wanna see some (Heart and soul)
I know that your story (It's getting old)
But everybody knows
That the emperor has got no clothes
(Ha)
Here we go

Whoo!

Come with me, yeah
Come with me
I'll keep on fighting 'til the war is won
And I'm the only one

Come with me
You and me
We're heading for the waterfall
Where we could lose it all
Come with me, yeah
Look at me when I'm talking to you

I don't wanna give you (One more chance)
'Cause you don't ever seem to (Understand)
I just wanna see some (Heart and soul)
I know that your story (It's getting old)
But everybody knows
That the emperor has got no clothes

Hey, yeah
Whoo!

I don't wanna give you (One more chance)
'Cause you don't ever seem to (Understand)
I just wanna see some (Heart and soul)
I know that your story (It's getting old)
But everybody knows
That the emperor has got no clothes
