

It's So Easy

The Sounds

It's so easy when you know how it's done
It's so easy when you know how it's done
You gotta seize the moment before it's gone
It's so easy when you know how it's done
You gotta seize the moment before it's gone

It's so easy when you know how it's done
You gotta seize the moment before it's gone
It's so easy when you know how it's done
You gotta seize the moment before it's gone
