

# Queen of Apology

The Sounds

Quick fix and heartbeats, gets me so easily  
Now you got me on my knees  
This will be the death to me  
Tic tac, time goes by, hits me so suddenly  
How you knock me off my feet  
I'm the Queen of Apologys

Now I'm fighting this feeling  
but it never stops, never stops  
I'm still waiting  
And I'm stuck with this feeling  
will it ever stop, ever stop?  
I keep trying

I blame no one, but myself  
so honestly, is this how it's gonna be?  
Tell me, who's the enemy?  
Monkey on my back keeps me so desperatly  
How you got me on my knees  
This will be the death to me

So sick of this feeling  
but it never stops, never stops  
I'm still waiting  
And I'm stuck with this feeling  
will it ever stop, ever stop?  
You see, I'm still shaking  
And I'm fighting this feeling

This will be the death to me  
I'm the Queen of Apologys

And I'm fighting this feeling  
but it never stops, never stops  
I'm still waiting  
And I'm stuck with this feeling  
will it ever stop, ever stop?  
I keep trying  
And I'm fighting this feeling  
And I'm stuck with this feeling  
will it ever stop, ever stop?  
I keep trying

This will be the death to me  
This will be the death to me  
I'm the Queen of Apologys
