

Gotta Decide

The Soviettes

I wanna be somewhere where i know that i'm gonna do something
I wanna get somewhere and i know that i've gotta decide
If i can leave somewhere where i know i might never do nothing
I've never been so scared and i know i might run out of time
I wanna be somewhere where i know that i'm gonna do something
(I wanna be somewhere where i know that i'm gonna do something)
I wanna get somewhere and i know that i've gotta decide
(i wanna get somewhere and i know that i've gotta decide)
If i can leave somewhere where i know i might never do nothing
(i don't wanna jinx it and i know that i might not make it
But i've gotta believe that i'm gonna be fine)
I've never been so scared and i know i might run out of time
I wanna be somewhere where i know that i'm gonna do something
I wanna get somewhere and i know that i've gotta decide
If i can leave somewhere where i know i might never do nothing
I've never been so scared and i know i might run out of time
I might run out of time
(don't wanna hope cause i don't wanna jinx it)
I might run out of time
(and i know that i might not make it)
I might run out of time
(but i've gotta believe that i'm gonna be fine)
I might run out of time
