

## Alcohol

## The Specials

An icy wind blows through the door  
You feel like you've been here before  
You tremble and you start to sweat  
The symptoms of withdrawal

Alcohol  
Why do you do it?  
Why do you keep beating me?  
You give some people a real good time  
But you cause some untold misery

Heroin  
Why do you do it?  
I don't like what I've seen  
You promise someone a real good time  
And then you take them from their family  
You tremble and you start to sweat  
You don't want to withdraw  
And when your flesh begins to crawl  
You'd rather not be here at all

Alcohol  
How do you do it?  
Please don't do it to me  
You give some people a real good time  
But you cause some untold misery

Alcohol  
Why do you do it?  
You ain't gonna do it to me  
You give some people a real good time  
And you cause some untold misery
