

Blank Expression

The Specials

Snow is falling all around
Seven o'clock and the roads are blocked
So I walk down town
There's no one around

I walk in a bar and immediately I sense danger
You look at me, girl, as if I was some kind of a total stranger

Where did you get that blank expression on your face?

The streets are dark and there's no one about
I wander home and all the lights are out
I keep wondering

Where did you get that blank expression on your face?
