

Goodbye Stevie

The Spencer Davis Group

Well I'm leaving baby
I'm gonna go away from here
You know I'm leaving baby
I'm gonna go away from here
And't even gonna worry
Ain't even gonna shed a tear

Well I went to see my baby
Pulled the blind and closed the door
She said, "Now, goodbye Stevie,
I don't need you no more."
She's gone, I mean it here today
Leavin's so much work cause I know I'm going away

Well I'm leaving
I'm gonna go away from here
You know that I'm leaving baby
Gonna go away from here
Look out pretty baby
I ain't even gonna shed a tear

Baby, you're so good, you're so fine
Baby baby baby baby....
Look out, you're so good
Look out baby
Gonna leave this town for good
