

Stevie's Blues

The Spencer Davis Group

Well, so sad and lonely since my baby went away from me
Well, so sad and lonely since my baby went away from me
Well, black night has fallen, hum, oh how I hate to be alone
Well, I woke up this morning, I found out my baby's gone away from me
Well, I woke up this morning baby, found out my baby's gone away from me
Well, black night has fallen, oh how I hate to be alone

I got the blues about my baby
Girl, you know I'm about to go out of my worried mind
I got the blues about my baby
Girl, you know I'm about to go out of my worried mind
Well black night has fallen, girl I just ain't used to your kind.

One, two, J, free I don't believe it Oh yeah! Come on!
I said I'm gonna leave this morning, baby
I'm gonna pack my clothes and go away from here
I said I think I'm gonna leave this morning, baby
Gonna pack my clothes and go away from here
Yes said you wake up, then you find your good man gone
Yeah in the morning baby,
That's when I have the blues
Oh, in the morning, baby,
Don't you know that's when I have the blues,
My baby's gonna left, gonna left me here to cry
There's one thing I have,
That's my love for you
Oh there's one thing I have,
I've a whole lot of love for you, baby, come on, ooh
I said my baby's gonna left, my baby's gonna left me here to cry
Come on, let's hear it now, yeah!
Oh yeah, oh yeah

(yeah yeah) oh yeah

Tell me baby,
Honey, honey what's wrong with you
Oh tell me baby,
Honey, honey what's wrong with you, ooh
? ? ? since your good man gonna left you
Oh I said I got the blues, blues about my baby
Don't you know I'm 'bout to go out of my worried mind
Well I said I got the blues about my baby
Oh don't you know I'm 'bout to go out of my worried mind
Pretty baby's gonna left me, my baby she's gone, gone away, oh yeah
Well, today I'm gonna get lucky, and down the road you know I'm goin'
.
