

# All Over You

The Spill Canvas

Yeah, he's a looker,  
But I really think it's guts that matter most  
I displayed them for you  
Strewn out about from coast to coast  
I am easily make believe  
Just dress me up in what you want me to be  
I'll take back what I've been saying  
For quite some time now

I gotta feel you in my bones again  
I'm all over you  
I'm not over you  
I wanna taste you one more time again  
I'm all over you.  
I'm not over you

In my daydreams, in my sleep  
Infatuation turning into disease  
You could cure me  
See all you have to do now is please try  
Give it your best shot and try  
All I'm asking for is love  
But you never seem to have enough

I gotta feel you in my bones again  
I'm all over you  
I'm not over you  
I wanna taste you one more time again  
I'm all over you  
I'm not over you

This life is way too short  
To get caught up in all this stuff  
When i just want you to love me back  
Why can't you just love me back?

Why can't you just love me back?  
(Why can't you?, why can't you?)  
Why can't you just love me back?  
(Why can't you?, why can't you?)  
Why can't you just love me back?  
(Why can't you?, why can't you just love?)

I've gotta feel you in my bones again  
I'm all over you  
I'm not over you  
I wanna taste you one more time again  
(Just one more time)

This life is way too short  
To get caught up and all mixed up  
When I just want you to love me back  
Why can't you just love me back?  
Why won't you just love me back?  
Why can't you just love me back?
