I've been waiting for the wind to change, I've been craving the summer rain, I wonder when she's gonna flood the plains.

Will I die before I get old?
Will I be known or unknown?
Can you tell me why all the birds have flown?

I don't wanna leave a message if there's nobody home. I thought I saw you through the window, but I don't know.

Stinging my eyes, It's just a dust storm. Caught outside, It's just a dust storm. Weather man lied, It's just a dust storm.

I've been waiting for the moon to rise. She's so luminous and wise. When she flirts with me, I feel shy.

I don't wanna leave a message if there's nobody home. I thought I saw you through the window, but I don't know.

Stinging my eyes, It's just a dust storm. Caught outside, It's just a dust storm. Weather man lied, It's just a dust storm.

Lonely, desolate, Uninhabited, In the reaches of no one, nowhere. Come hear your voice again, Shifting sediments.

But I don't know...

Stinging my eyes, It's just a dust storm. Caught outside, It's just a dust storm. Weather man lied, It's just a dust storm.

Miles and miles, It's just a dust storm. Filling in the sky, It's just a dust storm. Let it pass by, It's just a dust storm. Ohh....
