Fate is an elegant, cold-hearted whore
She loves salting my wounds
Yes, she enjoys nothing more
I bleed confidence from deep within my guts now
I'm the king of this pity party
with my jewel encrusted crown

I wanna tear apart your room
to see if what you say is true
Darling don't you lie, lie to me
I wanna break into your heart
to see why you want us apart
Oh, I'm scared to death
to find out what you think of me

Fate is an elegant, cold-hearted whore
She loves salting my wounds
Yes, she enjoys nothing more
I bleed confidence from deep within my guts now
I'm the king of this pity party
with my jewel encrusted crown

According to you we don't click,
that's a blatant lie and you know it
Angel, what are you hiding from me?
If there is truly another secret lunch-break,
working late lover
then I would die, but at least then I'd be free

Fate is an elegant, cold-hearted whore
She loves salting my wounds
Yes, she enjoys nothing more
I bleed confidence from deep within my guts now
I'm the king of this pity party
with my jewel encrusted crown
