Mighty Love (pt.1)

The Spinners

Once there was a boy and girl Boys said, "I love you so" Girl said, "I'll never leave you" They grew older and left each other 'Cause that's the way love goes That's the way love goes

Then there's a time Seems like you'll never find Someone willing to love you Keep on lookin', you'll soon discover

A mighty love Will sometimes makes you weep and moan A mighty love You sit all day by the telephone Cause you're all alone You need a mighty love, eh, hey

Some say that you're sure to find True love and peace of mind At the end of a rainbow There's no sign in the sky to follow 'Cause that's the way love goes Baby, that's the way love goes

And so there's a rhyme That says life will soon be fine Love is just what you make it So keep on lovin, you'll soon discover

A mighty love Will sometimes make a-a weak man strong A mighty love Will sometimes make a-a rich man weak And knock him off his feet You'll have a mighty love Mighty, mighty, mighty Mighty, mighty, mighty love Jones Comin' down on me, baby, yeah
