

# Together We Can Make Such Sweet Music

The Spinners

Ho, why should you go to the left?  
Why should I go to the right?  
Why must we argue this way?  
Why must we fuss and fight?

Oh, together we can make such sweet music  
Together we can make it right  
Oh, together we can make such sweet music  
Together we can make it right, mmm, mmm

Now when you're feelin' bad, I am feelin' it too  
Whatever your dreams are, I'll share them with you  
Till life has ended, I'll stay by your side  
You are my sunshine and you are my pride

Oh, together we can make such sweet music  
Together we can make it right  
Whoa, whoa, together we can make such sweet music  
Together we can make it right, ooh, ooh

Whoa, whoa, I know the love we share is locked in our hearts  
And there is nothing that can tear us apart  
Wherever you are that's where I'll be  
I'll keep this love that you've given to me

Whoa, together we can make such sweet music  
Together we can make it right  
Whoa, whoa, together we can make such sweet music  
Together we can make it right
