Japan is an island way across the sea, I've never been there but
I've heard of the scenery,
(some suff i have no idea) and Cornelious is a popstar,

I can save my game, can I save my life?

Atari, with me, baby, come on we can do it while im playing Atari,
Atari, baby, dont stop girl cuz im playin atari,

I can save my game, can I save my life,

Or relax, Or refresh, Or relax, Or refresh, Or relax, Or refresh
.
We're a culture to Japan

I can save my game, Can I Save my life?

I thought it was funny when you enter up,
interrupted me the first time but I now I think it's getting old
,
Just like you and me I still see,
That Cornelious is a Popstar

I can save my game, Can I save my life,

Atari, with me, baby, come on we can do it while Im plaing Atari,
Atari, baby, Shut up you know im playing Atari,
I can save my game, can you save my life?
