

# My Main Trial Is Yet To Come

The Stanley Brothers

Sittin' alone in my cold prison cell  
Watchin the sinkin' sun  
My trial on earth is over now  
But my main trial is yet to come

My main trial is yet to come oh Lord  
I'll die in the morning at dawn  
But after I die in the electric chair  
My main trial is yet to come

Oh mother I'm leavin' you here all alone  
I've disgraced your name I know  
This trial on earth is for my life  
But the main trial will be for my soul

The judge gave me the electric chair  
But that don't worry me  
It's what the verdict will be on that day  
When the main judge's face I see
