

Inspired By The \$

The Starting Line

Closed window pane
I stare out all day
This room and the walls
We wait for the call
And slow like decay
This progress we made

Could You...

Get to the point
Get it across
To the boys
At the top of the ladder
I'm climbing up
I,I
Have my doubts

This is a call
From my cage
Through the bars
Inspired by the dollar sign
That's dangling outside

Someone....

Get to the point
Get it across
To the boys
At the top of the ladder
I'm climbing up
I,I
Have my doubts
My doubts
My doubts
My doubts!

Go on and get it right
Get it right, OK?
Just stay
Just stay the same way
Do it like
You did it before, OK?
Remain
Remain the same shape

Get to the point
Get it across
To the boys
At the top of the ladder
I'm climbing up
I,I
Have my doubts

Get to the point
Get it across
To the boys
At the top of the ladder

I'm climbing up
I,I
Have my doubts
