The Starting Line

I guess the most that I can do Is make a call and tell you the truth Sing the words in melody And hope that you'll believe me Here's another song for you So this one this one makes two I still don't know where to begin I'll just leave it at this

I'm sure you always feel my eyes on you But I hope that you will never feel unwanted

R: Wait for me to move out west It's ok if you don't I hope you know You're my favorite thing About the west coast I wish I stayed I hope you wait So here I am Counting down the days Till california comes

This is the least that I can do You know I'm bad at calling you The best way I can extend The lonely words I miss you I'll say it but I'm sure you knew You're what I look most forward to Coming back to where i've been I'll just leave it at this

I'm sure you always feel my eyes on you But I hope that you will never feel unwanted If you feel unwanted

R: (2x)

Till california comes
