

The Best of Me

The Starting Line

Tell me what you thought about
When you were gone and so alone
The worst is over
You can have the best of me
We got older but we're still young
We never grew out of this feeling that we wont give up

Here we lay again
On two separate beds
Riding phone lines
To meet a familiar voice
And pictures drawn from memory
We reflect on miscommunications
And misunderstandings
And missing each other too much
Ao have had to let go

We turn our music down
And we whisper
Say what your thinking right now
Tell me what you thought about
When you were gone and so alone
The worst is over
You can have the best of me
We got older but we're still young
We never grew out of this feeling that we wont give up

Jumping to conclusions
Made me fall away from you
I'm so glad that the truth
Has brought back together me and you

We're sitting on the ground
And we whisper
Say what your thinking outloud

Tell me what you thought about
When you were gone and so alone
The worst is over
You can have the best of me
We got older but we're still young
We never grew out of this feeling that we wont give up

We turn our music down
And we whisper
We're sitting on the ground
And we whisper
We turn our music down
We're sitting on the ground
And next time I'm in town
We will kiss girl
We will kiss girl

Tell me what you thought about
When you were gone and so alone
The worst is over
You can have the best of me

We got older but we're still young
We never grew out of this feeling that we wont
Feeling that we cant
We're not ready to give up

We got older but we're still young
We never grew out of this feeling that we wont give up
