## The Best of Me

## **The Starting Line**

Tell me what you thought about When you were gone and so alone The worst is over You can have the best of me We got older but we're still young We never grew out of this feeling that we wont give up

Here we lay again On two separate beds Riding phone lines To meet a familiar voice And pictures drawn from memory We reflect on miscommunications And misunderstandings And missing each other too much Ao have had to let go

We turn our music down And we whisper Say what your thinking right now Tell me what you thought about When you were gone and so alone The worst is over You can have the best of me We got older but we're still young We never grew out of this feeling that we wont give up

Jumping to conclusions Made me fall away from you I'm so glad that the truth Has brought back together me and you

We're sitting on the ground And we whisper Say what your thinking outloud

Tell me what you thought about When you were gone and so alone The worst is over You can have the best of me We got older but we're still young We never grew out of this feeling that we wont give up

We turn our music down And we whisper We're sitting on the ground And we whisper We turn our music down We're sitting on the ground And next time I'm in town We will kiss girl We will kiss girl

Tell me what you thought about When you were gone and so alone The worst is over You can have the best of me We got older but we're still young We never grew out of this feeling that we wont Feeling that we cant We're not ready to give up

We got older but we're still young We never grew out of this feeling that we wont give up
