

Forever

The Statler Brothers

I'm tryin' to get over you, seems to take so long
I'm cryin', it's about you, God, where did this thing go wrong?
Forever I will love you, Ill never get over loving you
Forever I will love you, Ill never get over loving you
I had always thought I'd spend my life with you
Now I know I'll only spend my whole life through, remembering you
Forever I will love you, Ill never get over loving you
Forever I will love you, Ill never get over loving you
Forever I'll be loving you
