

## Forever

The Statler Brothers

I'm tryin' to get over you, seems to take so long  
I'm cryin', it's about you, God, where did this thing go wrong?  
Forever I will love you, Ill never get over loving you  
Forever I will love you, Ill never get over loving you  
I had always thought I'd spend my life with you  
Now I know I'll only spend my whole life through, remembering you  
Forever I will love you, Ill never get over loving you  
Forever I will love you, Ill never get over loving you  
Forever I'll be loving you
