

I Believe In Music

The Statler Brothers

I believe in music I believe in love I believe in music I believe in love
I could just sit around makin' music all day long
Long as I'm makin' music I know I can't do nobody wrong
And who knows maybe someday I'll come up with a song
That makes people wanna stop their fusin' and fightin' just long enough to sing along
I believe in music I believe in love I believe in music I believe in love
music is a universal language and love is the key
People who believe in music are the happiest people life ever seen
So clap your hands stomp your feet and shake your tambourine
Lift your voices to the sky God loves you when you sing
I believe in music I believe in love I believe in music I believe in love
I believe in love
