## **Winter Trees**

**The Staves** 

White winter trees covered in snow I don't mind, I don't mind I think of you now, here in the cold You won't mind, you won't know

But I never meant to say any of those things I never meant to tell you how to be or how to think Oh I was wrong

Heavy up high, weary of soul You won't mind, you won't mind Think of him now, fathoms below You won't mind, you won't mind

But I never meant to say any of those things Words can sound so cruel when you speak before you think Oh I was wrong

But you didn't understand that my heart was in your hand You were so blind

I promise that I will never let you down Oh, I couldn't love you any less than now And I promise that I never let you down Oh but I couldn't love you any less that I do now

And I lost myself on that November night

White winter trees covered in snow I don't mind, I don't mind
