

Penetration

The Stooges

Penetrate, penetrate me, so fine, so fine, so fine
I get excited, I get excited, I'm alone, so fine, I'm alive
Every night in town, every night in town
I'm going down, I'm going down, pulsating

A beautiful enemy, a beautiful enemy
Take a lay, take away, get out

Come on and take me, come on and take me
I'm alive, I'm alive, I'm alive
Stay down, stay down
I feel fine, every time, penetration
Penetration, penetration, penetration, penetration
