

# Penetration

The Stooges

Penetrate, penetrate me, so fine, so fine, so fine  
I get excited, I get excited, I'm alone, so fine, I'm alive  
Every night in town, every night in town  
I'm going down, I'm going down, pulsating

A beautiful enemy, a beautiful enemy  
Take a lay, take away, get out

Come on and take me, come on and take me  
I'm alive, I'm alive, I'm alive  
Stay down, stay down  
I feel fine, every time, penetration  
Penetration, penetration, penetration, penetration
