

# Don't Get Me Wrong

## The Story So Far

I'm getting closer and I don't know what to do  
My bed's still messed up and my clothes still smell like you  
We'll go together through this town, we'll walk  
But recently the only deep thing is your talk

I know it hurts to be alone,  
But all this shows is that you haven't grown  
Still look at me, I'll watch you stare  
Those feelings are gone, so see if I care

Survive the worst, and make the best  
You deserve nothing short of being worthless  
Your priorities are such a mess  
You're so far away from being selfless

Stop looking through me and start looking at me  
Are you done talking cos this is exactly what I need!  
Just to make it through  
Drive away in your car and I'll just forget you

I know it hurts to be alone,  
But all this shows is that you haven't grown  
Still look at me, I'll watch you stare  
Those feelings are gone, so see if I care

Survive the worst, and make the best  
You deserve nothing short of being worthless  
Your priorities are such a mess  
You're so far away from being selfless

Don't get me wrong
