

This Is Gravity

The Strange Familiar

Please Don't Go
Don't Go Away
Cause You and I
We're meant to be

It's More Than Love To Me
Oh, This Is Gravity

Don't Dent What's In Your Soul
When You Left, You Left A Hole In My Heart
There's No Other Choice I'd Make
You're a Risk I Have To Take
My Mind's Made Up

Please Don't Go
Don't Go And Change
Don't Ever Change A Thing For Me
Please Don't Go
Don't Go Away
Cause You And I Were Meant To Be

I Can't Fight The Way I Feel
Surrendering, Let Fate Take The Wheel
Can't You See I'm Not Afraid?
Cause I Know What It Costs To Have Already Lost You

It's More Than Love To Me
A Wave Upon The Sea
Oh, This Is Gravity

Please Don't Go
Cause You And I Were Meant To Be
Please Don't Go
Cause You And I Were Meant to Be
It's More Than Love To Me
Oh, This Is Gravity
