

## This Is Gravity

### The Strange Familiar

Please Don't Go  
Don't Go Away  
Cause You and I  
We're meant to be

It's More Than Love To Me  
Oh, This Is Gravity

Don't Dent What's In Your Soul  
When You Left, You Left A Hole In My Heart  
There's No Other Choice I'd Make  
You're a Risk I Have To Take  
My Mind's Made Up

Please Don't Go  
Don't Go And Change  
Don't Ever Change A Thing For Me  
Please Don't Go  
Don't Go Away  
Cause You And I Were Meant To Be

I Can't Fight The Way I Feel  
Surrendering, Let Fate Take The Wheel  
Can't You See I'm Not Afraid?  
Cause I Know What It Costs To Have Already Lost You

It's More Than Love To Me  
A Wave Upon The Sea  
Oh, This Is Gravity

Please Don't Go  
Cause You And I Were Meant To Be  
Please Don't Go  
Cause You And I Were Meant to Be  
It's More Than Love To Me  
Oh, This Is Gravity
