

One Step Closer

The String Cheese Incident

When the sunlight hits the top of the ridge
and the day is winding down
ill be rolling on back to your arms
ill be coming 'round
when the sun goes down
they say the darkest hour is right before dawn
ive lived to find that is true
but somehow it dont seem so bad
now that ive found you
now that i found you

im one step closer
your love is coming into view
im one step closer to heaven
one step closer to you
we went down to the rivers edge
and we walked alonged the sand
laid down in its shadowy bed
the water rushed past our heads
i thought of something you said

and that brought me back to a high mountain lake
in the west were i first met you
now all around walla are coming down
our love still stands true
our love is still standing
