

## Rollin' And Tumblin'

The Strypes

Well I'm rollin' and tumblin' baby  
Pray the whole night long,  
Said I'm rollin' and tumblin' baby  
Pray the whole night long,  
Wake up in the mornin'  
Wish the day was gone.

She look just like an angel  
She got a silver tongue  
She look just like an angel  
She got a silver tongue  
I ain't never heard such talkin'  
From a girl so young

Goin' down to the preacher  
Preacher take me in  
Goin' down to the preacher  
Preacher take me in  
Throw me in the water  
Wash away my sin
