

Rollin' And Tumblin'

The Strypes

Well I'm rollin' and tumblin' baby
Pray the whole night long,
Said I'm rollin' and tumblin' baby
Pray the whole night long,
Wake up in the mornin'
Wish the day was gone.

She look just like an angel
She got a silver tongue
She look just like an angel
She got a silver tongue
I ain't never heard such talkin'
From a girl so young

Goin' down to the preacher
Preacher take me in
Goin' down to the preacher
Preacher take me in
Throw me in the water
Wash away my sin
