Hello

Yes, but theres no one here by that name  
Oh wow

Ah, wait a minute there must be some kind of mistake

How can it be  
She wrote her number down its here in front of me  
Don't understand, she must have told me a lie  
I wonder why  
We felt so right  
How could I know that it would last for just a night  
I cant believe, this could happen to me  
But I can see

It was a one night affair  
I can still feel the warmth of her hair  
Just one night to share  
And I fell so in love with the girl who turn up to be a one...one night affair  
And she'll never know how much I really care  
What am I gonna do  
I don't know what to do

One night affair, it only happen by some chance that we were there  
You know that love filled the air  
For a moment in time  
She was mine  
We felled so strong  
I thought I found the love I've waited for so long  
But I was wrong  
I'll never see her again  
Its the end

It was a one night affair, I can still feel the soft of her hair  
Just one night to share  
And I fell so in love with the girl who turn up to be a one... one night affair  
And she'll never know how much I really care  
What am I gonna do  
What am I gonna do  
I don't know what to do

One night affair  
And she'll never know how much I really care  
What am I gonna do  
What am I gonna do  
Oooooooooooooohhhhhhhhhhhhhhhhhhhhh

One night affair  
I can still feel the soft of her hair  
Just one night to share  
And I fell so in love with the girl who turn up to be a one... one night affair

What am I gonna do
