

Ain't no sunshine
Gonna take away this rain
Ain't no sunshine
Gonna take away this rain

I should have known you were
Gonna drift away

Ain't no sunshine
Ever gonna take this rain away

All I have's this hard drive
With no space left for a day
See how it becomes something
That we just put away
With this restlessness you can't sustain
And I guess you haven't seen enough
To make you wanna stay

Ain't no sunshine
Gonna take away this rain
Ain't no sunshine
Gonna take away this rain

You're going away now
But I'm not giving up
You're seventeen miles away
But I'm not giving up

Ain't no sunshine
Ever gonna take this rain away
Ain't no sunshine
Gonna take away this rain
