

Maybe

The Submarines

There is a sign among the remnants
Of all our words, best left unsaid
And when the truth, flies in our direction
Do we work it through or lose our heads?

Maybe, maybe, maybe
We're strong
But maybe, maybe, maybe
We're wrong

For such a long time now
We're doing battle with our
Own familiar inhibitions,
Far away from home
Our trusty compass fails to
Find this strange and new position
Can we leave this struggle behind?

Maybe, maybe, maybe
We're strong
But maybe, maybe, maybe
We're wrong

Maybe, maybe, maybe
We're strong
But maybe, maybe, maybe
We're wrong

One thing is sure - I'll always love you
And if you should go I will pretend
That i never needed, you or anybody
Never wanted to call us just friends

So maybe, maybe, maybe
We're strong
But maybe, maybe, maybe
We're wrong

Maybe, maybe, maybe
We're strong
But maybe, maybe, maybe
We're wrong
