

# Road To Nowhere

## The Subways

I'm on the road to nowhere, I left my soul at home, you wanna come with me, keep me company?

If i could lift my lids, then I may see the light, see where I may go, you wanna go where i go?

I'm on the road to nowhere, an' I just wanna find my somewhere, yeah.

I'm on the road to nowhere, I left my soul at home, you wanna come with me, keep me company?

I'm on the road to nowhere, an' I just wanna find my somewhere.  
I'm on the road to nowhere, an' I just wanna find my somewhere, yeah.

I'm on the road to nowhere...
