

All Out

The Suicide Machines

Yeah what you gonna do when they find out
What you gonna do when it all comes down, yeah
What are you gonna do when they find out about you
What are you gonna do when it all comes down Buy

I knew someone like you once his name I don't remember
But does it really matter
He tried to disguise his actions with excuses
Soon he had no friends, there was no one left to use, yeah

Yeah what you gonna do when they find out
What you gonna do when it all comes down, yeah
What are you gonna do when they find out about you
What are you gonna do when it all comes down

You used to be a big part of her life but you are no more
'Cause of what you've said and done
Well I still don't know why you were so surprised she was sick
of your abuse
She was sick of your lies, yeah

Yeah what you gonna do when they find out
What you gonna do when it all comes down, yeah
What are you gonna do when they find out about you
What are you gonna do when it all comes down

Eventually you knew you'd have to pay the price
Confidentially no one cares
Potentially it could be a tragedy
It's such a sad world we live in
Go!

Yeah what you gonna do when they find out
What you gonna do when it all comes down, yeah
What are you gonna do when they find out about you
What are you gonna do when it all comes down

Yeah what you gonna do when they find out
What you gonna do when it all comes down, yeah
What are you gonna do when they find out about you
What are you gonna do when it all comes down
It all comes down, it all comes down to you
