

Honor Among Thieves

The Suicide Machines

Runnin with the thieves yeah - And slumming with the rats
Been runnin fifteen years - You can never bring me back
We lived our lives hard - And we lived our lives fast - Fightin
for the future
Still e struggle with our past - And we're still all outcasts

Cause this is the - Only life I know
When push comes to shove - Will I be left standing alone - Alon
e - Standing alone
We gave it our all - But was our all ever enough - Was it enoug
h

Flew Through all th good times - And dragged through all the ba
d
These are the best friends - That I ever had
Living like paupers - We were runnin with the kings - Fighting
like brothers
I wouldn't change a thing - No I wouldn't change a thing

Cause this is the - Only life I know
When push comes to shove - Will I be left standing alone - Alon
e - Standing alone
We gave it our all - But was our all ever enough - Was it enoug
h

I got your back - And you've got mine
We can make a difference - It just takes some time

I got your back - And you've got mine
We can make a difference - It just takes some time

Cause this is the - Only life I know
When push comes to shove - Will I be left standing alone - Alon
e
Standing alone- We gave it our all - But was our all ever enoug
h

Cause this is the - Only life I know
When push comes to shove - Will I be left standing alone - Alon
e
Standing alone- We gave it our all - But was our all ever enoug
h - Was it enough
