

## One More Time

### The Suicide Machines

One more time Somebodies gotta kill  
one more time Is time standing  
One more time Another suicide  
One more time Another kid has died

And one more time I think  
I'm losing my mind  
One more time Another broken home  
One more time A cold heart of stone  
One more time Are children born to die  
One more time Is it any wonder why

Can you tell me why this is they're just kids  
One more time A child's been abused  
One more time Power's always misused  
One more time A cry that goes unheard  
One more time I can only think the worst
