

Down For Whatever

The Summer Obsession

I don't care
What we do
Where we go
How we get there

We can drive
We can walk
We can fly
We can sit here

Take your time
I'll be fine
Nevermind me
I'm alright

'Cause tonight
I'm down
For whatever
Tonight
I'm down
For whatever

Got no flow
I'm so broke
Finding change between couches
Up in smoke
All my plans
Got my hands in my pocket

Take your time
I'll be fine
Nevermine me
I'm all right
(I'm down)

'Cause tonight
I'm down
For whatever
Tonight
I'm down
For whatever

A1A bust a left
Drive the beach when it gets late
Moonlit night
Summer skies
We align with the ocean spray

'Cause tonight
I'm down
For whatever
Tonight
I'm down
For whatever

I can do anything I want
Tonight I'm down for whatever

(I'm down)

I can do anything I want

I'm down

For whatever

Tonight

I'm down

For whatever

Tonight...
