

Cross Your Fingers

The Summer Set

Stay up around clock until you get your fix,
you get your thrill.
Oh, I'm gonna keep you here all night,
if your ready for this.

I'm give give everything I've got.
Keep up, keep it down.
I'm give give everything I've got.
Keep it down.

Forget the night life, your my favorite thing about this town.
Come with me, I'll take you home.
And you can stay the night,
if you cross your fingers.

You got a heavy heart.
I'm sure you got me where you want me.
Your runnin circles in my head.
Are you restless?
Are you ruthless?
And are you ready for this? Are you ready?

I'm gonna give give everything I've got.
Keep up, keep it down.
I'm gonna give give everything I've got.
Keep it down.

Forget the night life, your my favorite thing about this town.
Come with me, I'll take you home.
And you can stay the night,
if you cross your fingers.

Stay up around clock, and keep up, keep it down.
Stay up around the clock,
are you ready?
Are you ready for this?

Forget the night life, your my favorite thing about this town.
Come with me, I'll take you home.
And you can stay the night,
if you cross your fingers.
