

Heart on the Floor

The Summer Set

I was at an all time low, the night you walked in
You were just close enough to smell the whiskey on the back
I didn't know why you were along, but you ain't leading that away
I threw back one whole drink before I asked your name
And I said hey, hey, why you acting so sorry?
Hey, hey, who put that look on your face?

And I don't wanna leave this bar until I get your number
And if I'm being honest, I can't wait to get you home
But . check the morning after
I won't go dropping your heart on the floor
Come on, uh, uh, just give me what I want yeah
Uh, uh, don't drop my heart on the floor

Staring at your lipstick staying on your certain glass of wine
I told you since I bought it lips of mine
But you didn't laugh, brought up the past
Said I've been hurt before
Just about enough to hold in, I can't take no more

And I don't wanna leave this bar until I get your number
And if I'm being honest, I can't wait to get you home
But . check the morning after
I won't go dropping your heart on the floor
Come on, uh, uh, just give me what I want yeah
Uh, uh, don't drop my heart on the floor

Don't over think what you want
Yeah you got the right to move on
From this spot to my floor
Come on let that dress hit the floor
We got the rest of our lives
Let me take you for the ride
Somewhere you've never been before
And you'll be screaming

And I don't wanna leave this bar until I get your number
And if I'm being honest, I can't wait to get you home
But . check the morning after
I won't go dropping your heart on the floor
And I don't wanna leave this bar until I get your number
And if I'm being honest, I can't wait to get you home
But . check the morning after
I won't go dropping your heart on the floor
Uh, uh, just give me what I want yeah
Uh, uh, don't droá¹- my heart on the floor
