

Love

The Summer Set

Counting down the days
Till we leave this town.
I swear we're gonna get it,
We're gonna get it right.
This town same stage, new show.
No more than my friends close.

Ba da ba ba.
We'll loathe today
Ba da ba ba
Believe in everything
Ba da ba ba

Even though we're miles from home,
We're so close were gonna make it out.
We've got two more weeks to go
Till we're off and running.

Oh oh oh
I'm giving beats to the people I know.
They're doing all right.
Yeah, well be just fine.
Ba da ba ba.
We'll loathe today
Ba da ba ba
Believe in everything
Ba da ba ba

Even though we're miles from home,
We're so close were gonna make it out.
Love the love you have.
You gotta love the love you have
Come on, and love the love you have.
You gotta love the love you have [x3]

[brian dales in backgorund]
Light it up now,
I'm in I'm in love.

[all cheering]

[brian dales in back:] get laid

[john or stephen:] wait there's nothing to cheer about
