

Seasons

The Summer Set

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do

We've been getting down to the sounds of summer
Til we could get away and watch the seasons change
Oh, it's the little things you do that drive me crazy
Don't know what to do but I just need you with me

Oh, but I can see that in a way you say
Cause I've got the words and you've got the melody
You've got me singing

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do

Hoo!

We've been getting down on the nights and weekends
??? of you and me (I knew what)
Cause you wake up to what you want to see (Wake up)
It's getting better now, It's getting better now

Keep up to the rhythm of your heart beat
Sing out all the songs that you love
We got time and this could take all night
It's not love but it feels alright

Cause I've got the words and you've got the melody
You've got me singing

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do

Oh, what we do
Oooh

And I can feel it in the way the way you say
So sing it back to me

I've got the words and you've got the melody
You've got me singing for you
Cause I've got the words and you've got the melody
You've got me singing

It's getting better with the seasons and the weather
It's getting better and It's all because of you
Come morning will still be together
Oh girl, we're the best at what we do

It's getting better with the seasons and the weather (And I can feel
it in the way you say)

It's getting better and It's all because of you
Come morning will still be together (And I can feel it in the way
you say)
Oh girl, we're the best at what we do
