

## Wonder Years

### The Summer Set

Me and all my friends, we go out to eat  
When the party ends, yeah  
Let our stories pour, in our coffee cups  
Then we ditch the check

We're the reckless hearts, with lucky stars  
Never fall apart, that's the way we are

Promise, you'll remember, don't you ever  
Change your colors, dancing with the thunder  
Forever, no surrender, yeah we're only getting younger  
Always in our wonder years

So we stumble home in our Sunday best  
Like a Sunday mess  
Now I'm so alive, you are beautiful  
We are infinite

We're the reckless hearts, with lucky stars  
Never fall apart, that's the way we are

Promise, you'll remember, don't you ever  
Change your colors, dancing with the thunder  
Forever, no surrender, yeah we're only getting younger  
Always in our wonder years

Always in our wonder years

We're the reckless hearts, with lucky stars  
Never fall apart, that's the way we are

Promise, you'll remember, don't you ever  
Change your colors, dancing with the thunder  
Forever, no surrender, yeah we're only getting younger  
Always in our wonder years

Yeah, we're always in our wonder years  
Yeah, yeah, yeah, yeah

Me and all my friends, we go out to eat  
When the party ends
