

## Passing You By

The Sunday Drivers

You're singing my material girl  
while I'm just trying to break your heart  
but it is so hard  
it is so hard

I told you that I liked your hands  
just to cause you little heart attacks  
but it is so hard  
it is so hard

I'm not doing fine  
passing you by  
to pass you by I need to see you  
I need to see you

Remember when you cut your hair  
I am the one to notice it first  
don't forget it  
don't forget it

I wonder what you think of me  
when you see me in a magazine  
I see you smiling  
see you smiling

I'm not doing fine  
passing you by  
to pass you by I need to see you  
I need to see you
