

Somebody's Always Getting In The Way

The Sunshine Underground

What's standing in your way?
Cause you're afraid to make mistakes sometimes,
You hold your ideas back and go to sleep.

And you said you've been around the block (/mark)
Oh the things you know and the places you go,
The ideas that everybody's happy for.

Well listen to yourself,
You rely on everyone else,
What to attention
Because it sits uncomfortably,
Well
When all you ever say
Is somebody's always getting in the way

What was the simple remedy?
When you convince yourself you're somewhere else,
You hold your ideas back and go to sleep.

Well listen to yourself,
You rely on everyone else,
What to attention
Because it sits uncomfortably,
Well
When all you ever say
Is somebody's always getting in the way
